

31 Reasons to Use Real Tour Vision

The screenshot shows a virtual tour interface for a property at 407 North Twin Pines, Lake Leelanau, MI. The interface is divided into several sections:

- Header:** Real estate information for 'Leelanau Area Real Estate from Jim & Stacy', including contact details for Rebecca Stacy and a 'View My Tour Gallery' link.
- Navigation Bar:** Buttons for 'Tour Audio', 'Video', 'Slideshow', 'Share Tour', 'Brochure', 'Floor Plan', 'Maps', 'Area Info', and 'Mortgage Info'.
- Video Player:** A large window showing a 3D rendering of a house with a 'Front of Home Still' label and navigation controls like 'Play', 'Zoom', and 'Move'.
- MLS Listing:** A table with property details:

Price:	\$ 895,000
Beds:	3
Baths:	2.5
Schools:	Leeland
MLS #:	1685957
Year Built:	1999
Garage:	Two Car
Total Sq Ft:	3390
Acres:	1
- Sidebars:** 'City Schools' and 'Map To Location' buttons, along with a 'Hit Counter' at the bottom.

- RTV creates a custom banner for each realtor/owner.
- Agent or Owner contact information
- The Agent or Owner photo can be added to further customize and market each tour.
- Instantly view more virtual tours by visiting the tour gallery.
- Agent or Owner links to their E-mail and Web site.
- Professionally voiced premium audio, with or without music, can be added to any virtual tour.
- Video- The Video button allows you to add a video clip to your virtual tour for enhancing user experience with motion and sound.
- Slide Show- This wonderful slideshow feature will showcase all of your snapshots within the virtual tour in a slide by slide presentation.
- E-mail button allows viewers to E-mail a link of the tour to family and friends.
- The Download button allows viewers to download the tour as a program file for quick and easy distribution by CD, or other types of media.
- The favorite's button allows viewers to add this tour to the favorites section of their web browser.
- Custom printable flyers and floor plans can be included with every tour, providing additional tour details.
- Additional information about the city can be accessed on every tour.
- Detailed information on public libraries as well as local and private schools is included with every tour.
- Real Tour Vision automatically maps the location of each tour for the convenience of the tour viewer.
- An overhead aerial and satellite view is placed on every tour.
- Mortgage Info- The mortgage info button allows you to calculate estimated mortgage information. The button can be redirected to your preferred mortgage vendor's site as a lead generator.
- The "Back/Next" button returns the viewers to the previous scene or takes them to the next scene.
- The tour title is displayed in the upper left hand corner.
- RTV makes navigating through tours very easy. Help is just a click away.
- Each scene within the tour is accessible with our drop down shortcut menu.
- RTV's system allows the tour builder to add marketing partner banners on every tour. The more marketing partners that participate in the advertising, the more affordable the tour becomes.
- Detailed MLS information is included with every tour.
- The RTV tour window is larger than other companies, without compromising download speed. Images appear crisp and glossy, and window shots are not washed out.
- RTV tours have Hot Spots that can be customized for each client. Hot Spots give the viewer information and a sense of direction within the tour.
- Navigation buttons give viewers control over turning left, right, up, down, and zoom in or out.
- The text box shows what room or scene the viewer is in.
- Spinfo- This allows you to enter a text based description of each scene within the virtual tour.
- RTV's system allows the tour builder to add their company logo or real estate/owner logo.
- Skin colors are customizable on every tour allowing you to fully personalize your virtual tours.
- Hit Counter- This secret button allows the Realtor or the home seller to check tour hit traffic at any time!
